The image features a light blue background with several L-shaped bars in red, green, and dark blue. The red bar is the outermost, followed by green, then dark blue. The text 'COUNTRY CODE' is centered within the red bar. Below the dark blue bar, the text 'TOP LEVEL DOMAIN' is displayed, with 'TOP' in a vertical orientation and 'LEVEL DOMAIN' in a horizontal orientation. The 'TOP' text is white, while 'LEVEL' and 'DOMAIN' are light blue and dark red respectively.

TOP LEVEL
DOMAIN

Why Dot ZA

Celebrating the SA's space in the online world

- .ZA is the Internet country code top-level domain (ccTLD) for South Africa.
- Is for use by, and benefit of persons and entities based or connected with South Africa
- As of February 2015 - over 1 million registrations making it the most established in Africa.
- The Co.Za zone file was first created on 4 June 1993
- Domains are registered under a second-level domain structure - Org.Za, Co.Za, Gov.Za & Net.Za
- Established. Commercial. Trusted. - The .co.za is a great choice for business and enterprise in the RSA
- Champion your cause or community - Proudly non-commercial, .org.za is the online space for your charity, community group, public service or not-for-profit organisation.
- ZA Domain Disputes - Alternative Dispute Resolution (ADR) Process. A fast, efficient way to resolve ZA domain name disputes

.ZA Namespace

Management

Your online presence....
Our business

1

.ZA Domain Name Authority (.ZADNA) established to Manage and Regulate the .ZA Namespace

2

Mandate includes regulating all the operators of .ZA second level domains (SLDs)

3

Public Awareness about the importance of having a .ZA Domain name.

4

Non-profit company established Accountable to DTPS with Board of Directors appointed by Minister

.ZA Namespace

Registry Operations

1

The ZA Central Registry (ZACR) currently operates various .ZA second level domains (SLDs)

2

Non-profit organisation established in 1988 formerly known as UniForum SA

3

Allows registrars to access the .ZA SLDs under its operation

4

Introduces a clearly defined process for the accreditation of registrars.

Domain Registration

Companies and Intellectual Property Commission

- Companies and Intellectual Property Commission (CIPC) in collaboration with the .za Domain Name Authority (..ZADNA) now offers domain name registration for any registered company.
- Domain name registrations as a service offering to enhance the business opportunities to new companies
- Allows companies to register their own domain names before-, during- or after company registration process.
- Companies are able to defensively register domain names to protect their brand.
- Currently only .co.za domain names on offer at a cost of R51.30 (USD \$4,30)
- org.za; web.za; and net.za extensions will become available in future
- CIPC does not offer hosting - only domain name registration.

STRATEGIC OUTCOMES

Oriented Goals

- To facilitate the development and growth of small businesses and cooperatives
- To facilitate radical economic transformation through the increased participation of small businesses and cooperatives in the Internet/Internet economy.
- To advocate for a regulatory environment conducive to providing small businesses and cooperatives with access to Domain Name Related Services.
- To facilitate partnerships within all spheres of government and the private sector to create mutual co-operation that benefits small businesses and cooperatives.

In addition to strategic outcomes oriented goals, the .ZA Domain Name Authority reported against the following priorities:

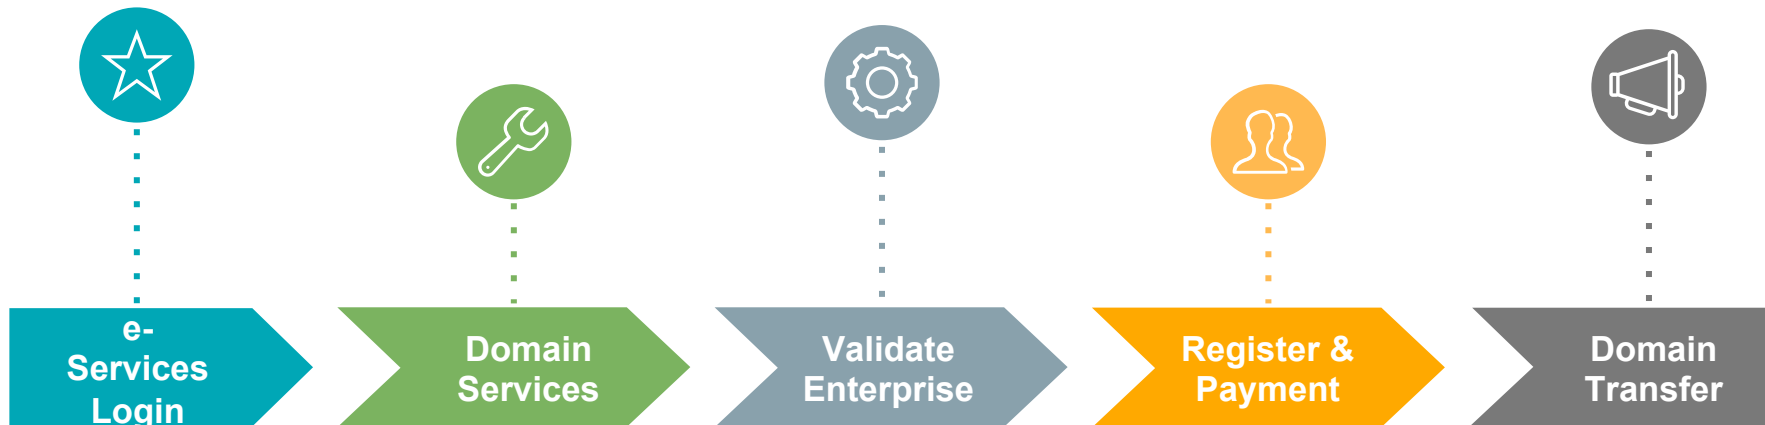

- Decent Namespace growth through inclusive economic growth, which is led by .ZADNA
- Comprehensive .ZA Namespace Development, which is led by .ZADNA

PROCESS

CIPC Domain Name Registration

CIPC Platform Analysis

CIPC is striving to provide excellent services. In its endeavor to improve its services and to introduce more electronic services, CIPC developed an option for companies to register their domain names.

e-Services Login

Login on eServices to “TRANSACTION”

The screenshot displays the CIPC eServices website. At the top right, there is a 'HOME' button. The main header reads 'Companies and Intellectual Property Commission - eServices'. A navigation breadcrumb indicates 'You are here: CIPC eServices > Home > Transact'. The page is titled 'CIPC eServices System' and includes a welcome message for a 'GUEST' user, prompting them to log in. A left sidebar contains navigation links for 'CUSTOMER LOGIN', 'PASSWORD RESET', and 'CUSTOMER REGISTRATION', along with search fields for 'NAME SEARCH' (Enterprise Name), 'FREE DISCLOSURE' (Enterprise Number), and 'PERSON SEARCH' (ID Number and Surname). The main content area features a 'Customer Registration & Login' section with a numbered list of steps: 1. Click on 'CUSTOMER REGISTRATION'; 2. Indicate whether you are South African or not; 3. Type in ID or passport number; 4. Fill in all required fields on the registration form; 5. Set new password; 6. Login using customer code and password; 7. Security code and password are case sensitive. A 'Password Reset' section provides instructions: click on 'PASSWORD RESET', type in customer code, receive an OTP on a cellphone, and set a new password once confirmed. Below this, a 'Services Offered' section lists: COMPANY REGISTRATION (private and non-profit company registration), DIRECTOR AMENDMENTS (amend company directors), ANNUAL RETURNS (file company and close corporation annual returns), NAME RESERVATIONS, MEMBER AMENDMENTS, and AUDITOR CHANGES.

Domain Name Services

CIPC in collaboration with **ZADNA** and **ZACR** now offers domain name registration for any registered company, close corporation or co-operative. We currently only offer .co.za domains with a plan to include other top level domains in the future. The .co.za domain name registration costs R51.30 which all goes to the regulator of domain names, ZADNA. Please note that we cannot use any funds you might have available on your CIPC virtual account; you will need either a **debit** or **credit card** to register a domain.

We do not offer hosting, only domain name registration. Domains registered through us will have to be transferred to an accredited registrar within a year (365 days) to avoid deregistration. A list of accredited registrars will be sent to you once you've registered a domain name.

All domain names registered through CIPC must be linked to existing companies, therefore you must have a registered company before you can start with this process. Scroll down and click on the "REGISTER A DOMAIN NAME" button below.
